Description. The ADT Safewatch Pro 2000 is a Honeywell VISTA-20SE System that has been rebranded by ADT. It is an older and outdated system that is not recommended for current alarm monitoring. But a user can choose to have this system monitored by Alarm Grid for phone line alarm monitoring service. There are many limitations when using an older Honeywell System like a VISTA-20SE.

ADT User Manuals | Security Alarm

A typical ADT home security system consists of a central control panel and a number of peripheral devices, including smoke alarms, door and window sensors and motion sensors. All of these components—including the control center, where the chimes are located—have batteries, and you'll get a warning beep and a message on the LED screen when ...
