Simple bike maintenance guides | Cycling UK

With each new pair of e-bike, you should get a manual which include, along other stuff, the basic maintenance procedures (and also the non-basic stuff). It also needs to include the initial setup procedures. (The battery requires initial setup before it's first use, for example) In case you didn't get it, ask the shop seller to give it to you.

Electric bicycle maintenance and proper care

Modern bikes come in many different shapes and sizes and each type has a unique use. There are leisure bikes, sport bikes, commuter bikes, tandem bikes, bikes with three wheels (trikes), recumbent bikes, and many other combinations of chains, wheels, gears, brakes, and pedals. Identifying the type of bicycle you have can be a difficult task.
