MT Højgaard A/S (Respondent) v E.On Climate & Renewables ...

These proceedings arise from the fact that the foundation structures of two offshore wind farms at Robin Rigg in the Solway Firth, which were designed and installed by MT Højgaard A/S ("MTH"), failed shortly after completion of the project. The specific issue to be determined is whether MTH are liable for this failure. 2.

MT Højgaard A/S (Respondent) v E.ON Climate & Renewables ...

In 2006, MT Højgaard A/S (" MTH ") responded to a tender from, and was subsequently selected by and entered into a contract (the " Contract ") with E.ON relating to the design, manufacture, delivery, installation and commissioning of the foundations for 60 wind turbine generators and two substations for the Robin Rigg offshore wind project in the Solway Firth, United Kingdom (the " Project ").

Case Note on MT Højgaard A/S v E.ON Climate & Renewables ...

The dispute arose from a significant error in an international standard for the design of offshore wind turbines known as J101. The contractor, MT Højgaard ("MTH"), relied on J101 whilst engaged by E.ON to design, fabricate and install foundations for the Robin Rigg wind farm in the Solway Firth, Scotland.

Not Too Slender a Thread - Supreme Court decision in MT ...

MT Højgaard: Supreme Court rules on fitness for purpose dispute. In a decision issued today, the Supreme Court has upheld an appeal in the MT Højgaard litigation restoring the TCC's original decision and finding the contractor liable to comply with a fitness for purpose type obligation contained in a technical schedule despite obligations elsewhere in the contract to exercise reasonable skill and care and to comply with an international standard.
