### International Civil Tribunals And Armed Conflict ...

Civil wars continue to be a frequent and debilitating phenomenon in international politics. Of the approximately 200 countries in the world, there are currently 30 civil wars underway, including several in which the U.S. military is directly and deeply emeshed. Many of these wars are unfolding in states with limited capacities to respond to and mitigate the security consequences that emanate ...

After more than fifty years of work, the International Law Commission codified the general (customary) regime for state responsibility in the Articles on Responsibility of States for Internationally Wrongful Acts, which were adopted in 2001. The law of state responsibility is based on the distinction between two types of rules: 'primary rules' and 'secondary rules'.

Local conflicts serve as mirrors for global trends. The ways they ignite, unfold, persist, and are resolved reflect shifts in great powers' relations, the intensity of their competition, and the breadth of regional actors' ambitions. They highlight issues with which the international system is obsessed and those toward which it is indifferent.

The international order as we know it is unravelling, with no clear sense of what will come in its wake. The danger may well lie less in the ultimate destination than in the process of getting there. As the following list of 10 Conflicts to Watch in 2019 amply illustrates, that road will be bumpy, and it will be perilous.

Non-international armed conflict. Not every situation of armed violence within a state amounts to a non-international armed conflict: when a situation of violence is merely a situation of internal strife or civil disturbance, such a situation does not reach the threshold of 'non-international armed conflict' and international humanitarian law does not apply.
